Tims standard article is com pounded with the greatest care. Its effects are as wonderful and

as satisfactory as ever. It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing, nothing has been found so offectual or desirable.

A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Best PREPARATION for its intended purposes."

Price, One Dollar. Buokingham's Dye

FOR THE WHISKERS. This elegant preparation may be relied on to change the color of the beard from gray or any other un-desirable shade, to brown or black, at discretion. It is easily applied, being in one proparation, and quickly and effectually produces a permanent color, which will neither rub nor wash off.

HOW SHE TURNED PRESBYTERIAN.

From the Boston Globe. Mrs. Magruder will probably leave Mr. Hopkins church, and go hereafter to the Presbyterian Meeting house. Dr. Hopkins last week had a frightful boil on his leg, and he experienced very se vere pains when he triedto walk. While he was sitting in his study on Friday, Mrs. Magruder called and was ushered into the parlor. The servant went up the back stairs to tell the Dr., and while she was on her way the Dr. started down the front stairs to get a drink of water It hurt him so much to walk upon the steps that he concluded to slide down the banisters on his stomach; and so. Country Produce I looking over the landing to satisfy him self that nobody was about, he mounted the banisters and began to descend The stairs run directly past the parlor door, and Mrs. Magruder was amazed to see the clergyman descending with great rapidity in that singular fashion. It seems that the servant had placed a cool-scuttle by the newel post while she

went for the Doctor, and as he descended with awful velocity he alighted in the scuttle and fell to the floor. Without being aware of the presence of the visitor he leaped up in rage, and exolaiming, "Hang that woman!" gave the souttle a kick, which sent it whirling into the parlor, where it brought up in Mrs. Magruber's lap. Of course in Mrs. Magruher's lap. Of course she thought the demonstration and ejaculation were intended for her, and, after rising to her feet and shaking her umbrells at her pastor, she shouted. "If

you kick another coal-scuttle at me I'll punch you with this umbrella!" then emerged from the front door with the conviction that Presbyterianism THE CHEAPEST AND BEST was the only religion for her. Among a savage clan Of cannibalish people,

The first was upon the morals have been so industriously and white schools, growing out of attempts persistently circulated, that it is not on the part of the guardians of colored children to force the entrance of their wards into schools organized for white children. The legislature passed an act May 13, 1860, providing for separ there are fifteen or more in a school district. The general school law of the ment to the Constitution of the United States, the opinion koes on to say, does not delegat to Congress the right to interfere with the control of domestic institutions of States, which rest for security where they had always rested -with the States themselves. The court held that under the terms of the act of May 3, 1869, colored children have no right to admission into schools provided for the education of white children. The lower court beld that where separate schools were not established for colored children, they should be admitted to the schools already established in the district This decision will affect nearly every county in th State in a disastrous manner to the colored children, as in very few school

Besides the union service at Stapp's Chapel, very interesting services were held at the Episcopal church, the rector, Rev. W. W DeWolf, officiating The church was decorated in a unique and cel was a cross formed of different kinds of grains, beautifully combined, upon which hung clusters of grapes. At the front of the chancel was what might be termed an altar, formed of all varieties, tal. of vegetables, surmounted by a sheaf of wheat, hung with ears of corn. Upon the gas jets, were wreaths of grain, to which were hung ears of corn, and under each jet was a basket of ripe fruit. The above described decorations, with others vest. The church service set for Thanksgiving day, which is in itself beautifully head of "benzine" on. This fellow was expressive, was read by the rector in his usual felicitous style, and the responses by the congregation were carnest and before 'Squire Albert, where he paid a impressive. The sermon was from the fine of \$3 and costs, and "lit out" for words, "It is a good thing to give thanks unto the Lord," found in Psalms 92-1. The main thought of the discourse was that history needs to be explained by the Bible in order to reconcile God's deal ings with his creatures (which sometimes seem to be severe) with his goodness and mercy. When history is read in the light of the Bible it will be seen that God is entitled to the most sincere thanks of his creatures. The thoughts of the discourse were presented in a clear and convincing

manner, and held the attention of the large congregation to the end. The Largest and Best assorted stock in Notions, Fancy Goods, ready inside Underclothing, in musin and merino, ou can find at Goldburg's, very cheap.

Serious Accident - Ye terday a party of four small boys left to "celebrate" Chanksgiving day by a big hunt. In the little party there were two blunderbusses, which they called single barrel shot guns. These they charged with very heavy loads, and catching sight of some game, they pulled the trigger and the load was discharged, a portion of it lodging in and piercing the left car of one of the little hunters. This one cried out that he was "shot," and entreated his comrades to go back home immedi ately. They couldn't see it; they wanted some game before they went home, and after almost filling up with powder and his shotgan spulled the trigger, and then suddenly dropped and threw up his hands, with the exclamation, "I am hand was badly shattered by the dis with Mr. Pasley's life will favor us with | charge of shot, and burned by powder a sketch of it; for it has been a life of He was brought to town to have hi wound dressed, and the attending physi cian said that his patient could but pas tially cover the use of his hand.
